

PRESS RELEASE

Sell-out premiere inspires new show schedule in 2017.

Boulder native & pianist, Ben Raznick, releases a classical composition album recorded with international artists in Barcelona, Spain.

Denver, November 15, 2016:

Ben Raznick will be performing his composition album, Memory Maze, with Colorado Symphony members on December 7th, 2016 at M! Uptown's Club M located at 700 E. 17th Ave., in Denver, Colorado. Memory Maze was recorded in Barcelona Spain with Spanish, Cuban and Argentine recording artists. Featured instruments are violin, cello, double bass, bandoneón and castanets.

Raznick's Memory Maze compositions can be described as a musical journal detailing pivotal life experiences, musically influenced by the regions he has lived in: Argentina, Spain and Colorado. Much like mazes, his pieces have twists and turns throughout intricate passages. Many songs are designed like a puzzle, becoming increasingly challenging throughout, but with a solution at the end.

Memory Maze is now available on digital platforms such as [CDBaby](https://www.cdbaby.com), [Bandcamp](https://www.bandcamp.com), [Tidal](https://www.tidal.com), [iTunes](https://www.apple.com/itunes), [Spotify](https://www.spotify.com), [Amazon](https://www.amazon.com), and more.
